TECHNICAL SPECIFICATION

- Material** Aramid fiber
- Coating** Abrasion resistant fabric
- Edge protection** EPDM rubber edge
- Colors** black, olive green, midnight blue
- Weight*** 280 g/0.62 lbs*
- Connecting system** Steel hooks connection and clips to attach to CMR-1 rail
*Weight has natural tolerances of ±10 g - 0.2 lbs.

SPECIAL PROPERTIES

- Lightweight and robust
- Allows a fast extension of ballistic protection area
- Installation within seconds due to the use of steel hooks and clip connection
- Compatible with all AMP-1 TP and AMP-1 E helmets in full-cut, mid-cut and high-cut
- Matches ideally with ballistic visor BAV-1 with mandible cut

NORMS/CERTIFICATIONS

- Penetration resistance against 9mm DM41 with 425 ±10 m/s - 1400 ±33 fps

ACCESSORIES

- Storage bag/cover
